

PE and Sport Grant Funding 2018 – 2019

2018-19 Funding

For 2018-19 academic year we will receive £17670 in PE and Sport Grant funding. This will allow us to continue to increase the participation of sporting activities after school and to build pupils' passion for sports.

Community Links and competitions

Plains Farm Academy links with local secondary schools, local primary schools and the Foundation of Light to support and develop competitive sport. All Year groups are included in this timetable of activities. For example:

- Competitions for children to be involved and work together in
- Training from expert PE teachers
- Opportunities to take part in a wide range of sports
- Building relationships with other children through sports

Swimming predicted

Swimming lessons are delivered by an expert swimming teacher at Everyone Active. Swimming lessons are delivered to year 5 and will be rolled out to year 4 in the summer term

They focus on:

- Confidence in the water
- Learning to swim
- Developing swimming strokes
- Increasing swimming distances

Lunch time and after school activities

These include:

- Key Stage 2 Football
- Year 6 football team training
- Year 1 to 6 Multi skills on a lunchtime
 - Sports activity training for two lunchtime assistants

Participation rates are closely monitored by the PE coordinator and Dave Birch, School Games organiser based at Keiper Academy for possibilities for further opportunities and year groups to allow Plains Farm Academy children to be active and to develop their coordination, movement and performance in a variety of activities.

Learning Opportunities

Learning opportunities for children are enriched using sport, healthy living and healthy mind as the core target. Professionals from throughout the community

continue to work with children in a range of areas. These include workshops with local health care workers such as the dentist and the school nurse.

Sports coaching

This will provide us with the opportunity to employ specialist sports coaches to work alongside teachers to increase subject knowledge and skills. For example:-

- A qualified yoga teacher to work within year 6 and year 3
 - Martial Arts instructor working within year 5
 - The Foundation of light working with year one linking football with phonics
