

## Phonics - Week Beginning 15/6/2020

The following phonics videos are in the style of 'Read Write Inc.', just like the ones we do in school. We are starting our lessons with Set 2 sounds (a reminder of all the set 1 sounds is attached on our blog page) . Some of these sounds you have already learnt and will therefore be a recap, while some are brand new sounds.

**Before you play the video to your child, please remind them of a few important phrases that will come up during the videos:**

**My turn your turn** - teacher speaks and the child copies

**Fred talk** - the child breaks up the word and says the sounds out loud, then the word in full

**Fred in your head** - the child breaks up the word and says the sounds in their head but then says the word in full out loud

**Special friends** - two letters make one sound

Monday - 'ay' sound
