20th November 2020

Dear Parents/Carers,

Due to an increase in the number of Covid19 positive tests within the Plains Farm community, I would like to take this opportunity to remind you of the guidelines the government and school have in place to keep staff and children safe.

- If your child, or any member of their household has symptoms, please, **do not** send them into school. Please ensure you get a test and the **whole household** self-isolates until you receive the results.
- If your child has been in contact with anyone who has tested positive, please, **do not** send them into school. They must self-isolate for 14 days and, if symptoms appear, you are advised to get a test.
- If your child is required to self-isolate they **must** stay at home during the required period as well as accessing the online learning. **They should not leave the house for any reason to prevent the spread of COVID19.**
- If your child is required to self-isolate and you have younger siblings to drop at school, please contact the class teacher and we will endeavour to support you during this difficult time.
- Please ensure you follow social distancing and government guidelines both in and outside school.
- Please be mindful when exiting school via Premier Road that you continue to social distance when walking down the steps and keep 2 metres away from other households.

Thank you for your support during this difficult time.

Yours Sincerely,

Miss L A Cassidy
Head Teacher
