This week in topic lessons, I would like you to start thinking all about moving on to year 6. If we were in school, you would have been meeting with your teacher and getting to know a little bit more about life in year 6.

As you can't do this, I thought it would be nice to have some time to reflect on your thoughts and feelings for the new school year. If you wanted to, you could save this work and give it to your teacher in September!

Today's task is about thinking about things you like doing in school, and the reasons why.

In school, I really enjoy...

I think I'm good at...

My teacher says I'm good at...

My friends say I'm good at...

Adults at home say I'm good at...
